

SIPS 2017 RSVP Survey

*Required

SIPS 2017 RSVP Survey

What are you likely to attend? This will help us with planning demand for space. You can change your mind in the future, but please provide your most likely choices for events, hackathons, and workshops. You should plan to attend workshops in their entirety, but you can move in and out of hackathons depending on other activities. Note that there will also be lightning talks and unconference sessions organized during the meeting.
